## AMPLIFYING YOUTH VOICES IN UKRAINE

Our Ukrainian partner has organized two incredible Local Youth Assemblies as part of WP4, creating a space of support, trust, and action for young people. The assemblies provide a platform for:

- Connecting and building trust through engaging activities
- Holding open dialogues about identity and inclusion
- Discussing how hate speech affects our lives and communities
- Sharing reflections and exploring concrete actions to promote change
- Creating affirmation paintings infused with values of inclusion

Between sessions, participants enjoy warm, informal conversations over coffee and treats, creating a safe and supportive environment. These gatherings demonstrate the power of community and the collective drive to shape an inclusive future.

## INTRODUCTION

The EMNHS LGBTQI project is empowering young people to be agents of change, and our Ukrainian partner is leading the way! With two successful Local Youth Assemblies completed, we're seeing firsthand how these initiatives are fostering safe spaces, promoting dialogue, and inspiring action against online hate.

## Assembly Activities

Youth assemblies are a key element of our project – they create a space for:

- Young voices to be heard
- Dialogue at the local level
- A stronger, more inclusive community

Believing that change starts from the ground up from our cities, schools, and youth groups.

## Quote from a Ukrainian Assembly Participant

*"Gatherings like this show us: we are not alone. We are a community shaping an inclusive future — and this is just the beginning."*

## Supporting Local Action

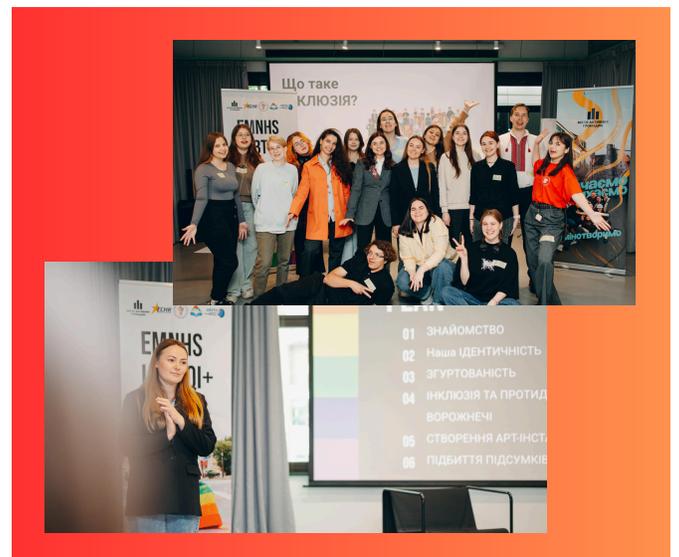

The Youth Assemblies are a core component of WP4, designed to:

- Create sustainable networks of LGBTQI+ youth and allies
- Provide a platform for young voices to be heard and amplified
- Develop practical action plans to combat online hate speech at the local level
- Foster a sense of community and empowerment
- Together, we say NO to hate, YES to equality!
